AK159 – WASHING MACHINE ANTI-VIBRATION MAT 600×600×8 mm

AK175 – AIR FRYER PAPER LINER ROUND 50 PCS.

AK176 – AIR FRYER PAPER LINER SQUARE 50 PCS.

General risks and precautions to prevent the risks:

Before use

Read and follow the product instructions on the packaging or added to the packaging.

If you have any questions about the use, contact the manufacturer.

1. Risk of burning or scalding

Appliances such as coffee machines and irons can generate high temperatures, posing a risk of burning when they are misused or replaced.

2. Risk of allergic reactions

Before use, check the product's list of ingredients to make sure that it does not contain substances to which you are allergic.

If you have allergic symptoms such as rash, skin redness, coughing or difficulty breathing, stop using the product and consult a doctor.

3. Risk of poisoning

Do not consume the accessories and do not store them in packaging that resembles food or beverage packaging.

Keep the accessories out of reach of children and pets to prevent accidental swallowing.

If the accessories are swallowed, immediately contact a poison centre or doctor and give them the product information on the packaging.

4. Storage risks

Store the accessories in their original packaging with the lids firmly closed to prevent accidental spillage.

Do not store the products near heat sources, open flame or direct sunlight.

Avoid storing the products in a humid environment that could affect their durability and properties.

5. Risk of improper use

The following list of safety risks is based on the requirements of Regulation (EU) 2023/988 on general product safety (GPSR). The aim is to protect users from potential hazards of inappropriate use. The warnings are worded in a simple and understandable way to be accessible to the general public.

Use the accessories only for their intended purpose – do not use the products with appliances for which they are not recommended.

6. Environmental risks

Avoid pouring residues of the products down the drain if this is not permitted – follow the disposal instructions on the packaging.

7. Risk of mould and bacteria growth

If the washing machine mat is exposed to moisture – especially if water accumulates underneath it – it can become a place where mould, bacteria or fungi grow. This can lead to unpleasant odours and health risks for the user.

Always follow warnings

When you follow the above warnings, you minimise the risk of danger. Keep yourself and your loved ones safe and take the above precautions.
